No image

Model : MR01-100

Yeah Racing (#MR01-100) -Front Suspension Spring Set

This is the Optional Spring Set for the Kyosho Mini-Z Racers.

These are located on the front kingpins.

Different colors equal different tensions

2 x yellow hard tension ;

2 x green - medium tension;

2 x red - soft tension

Different tensions suitable for different road conditions, depends on your car's performance, you can choose a suitable one to improve it.

Red one can improve the car's performance in cornering. Yellow one provide higher stability in the straight road. Green one can provide average performance in corner and straight road.
